Over the river

Back off.

After the game

We want to go.

Take a little.

Turn the page.

Just the same

A small house also

It's only me.

It's still here.

Think before you act.

Set it up.

Live and play.

I study in school.

Try your best.

I don't feel well.

Any old time

Point it out.

Study and learn

Read the sentence.

Mother means it.

Big and small

The good American

Such a big house

A little boy

Show and tell

They went here.

Right now

Good and plenty

Spell your name.

Even the animals

Tell the truth

I think so.

Play it again.

A good man

We came home.

Another great sound

Answer the phone.

Our best things

Form two lines.

Only a little

Read my letters.

That's very good

Write one sentence.

Three years ago

We need more.

Where are you?

Where does it end?

I work too much.

Such a mess

We found it here.

It turned out well.

It's a small world.

Move over.

Hand it over.

Through the line

Around the clock

Kind of nice

A different land

Same time tomorrow

Because we should.

Change your clothes

Good things

The following day

My new place

Give it away.

Most of the animals

Show us around.

Give it back.

The air is warm.

My last name

Another old picture

I know why.

Where in the world

Mother says to now.

Put it there.

I need help.

I'm an American

My home is large.

Right now.

This must be it.

Home sweet home

The men asked for help.

You must be right.

Get to the point.

Help me out.

It's your place.

Read the book.
